

DR. SEUSS

Drop D tuning: dadgbe

If you believe that you're in need of a thneed  
If you can see an elephant in your tree  
If your umbrella gets wet from oobleck instead of rain  
Then Dr. Seuss is on the loose in your brain

If you notice a Drum-Tummied Snum  
Talking to a Floob-boober-bab-boober-bubs  
And you tell the crazy news to your friend Foo-Foo the Snoo  
Then Dr. Seuss is on the loose in your brain

If all those Whos are irritating you again  
Ringing Jing-Jinglers and Tar-Tinkers in your head  
If you don't need a broom to clean your room  
Instead you tend to use  
A Super-Zooper-Flooper Do

If you answer your Whisper-Ma-Phone  
To take a call from a jelly fish named Jimbo Jones  
And then you leap into your Skeegle Mobile and drive away  
Then Dr. Seuss is on the loose in your brain

If the world you're living in is really kind of strange  
And you've decided it's a bit more fun that way  
And if you find in every story, that there's a lesson there for you  
Then I'm afraid it's true

If you take your eggs sunny side up and green  
If you make up silly rhymes when you speak  
If you shout out hurray for Diffendoofer Day  
Then Dr. Seuss is on the loose in your brain
